

# Sudev Thapa Magar

Kathmandu, Nepal | sudebm789@gmail.com | sudevmagar.tech | GitHub | LinkedIn

## PROFESSIONAL SUMMARY

---

Full-Stack Developer with nearly one year of professional experience building responsive, production-ready web applications using React.js and Next.js. Strong focus on front-end development, component-driven UI architecture, and performance optimization. Experienced in developing end-to-end web applications in team settings, focusing on efficient data flow and system integration.

## TECHNICAL SKILLS

---

**Front-End:** HTML5, CSS3, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS, Figma (Basics)

**Back-End:** Node.js, Express.js, Python, Django

**Database:** MongoDB, PostgreSQL, Prisma ORM

**Version Control:** Git, GitHub

## PROFESSIONAL EXPERIENCE

---

### MayaMatrix Technologies

*Full-Stack Developer*

Kathmandu, Nepal

*Feb 2025 – Nov 2025*

- Developed and maintained web applications using React.js and Next.js in a production environment
- Built reusable UI components and improved front-end performance and responsiveness
- Integrated REST APIs and worked with MongoDB for data handling and application logic
- Collaborated with team members on feature development, bug fixes, and code improvements
- Used Git and GitHub for version control and followed structured development workflows

## PROJECTS

---

### Zeal Infra Website | [View Live Demo](#)

*Team Project — Construction & Infrastructure*

- Collaborated with a team to build a responsive web platform, contributing reusable UI components for project listings, dashboards, and contact forms
- Integrated CRUD APIs for employee and client management, ensuring smooth data flow and consistent performance
- Improved overall user experience and maintainability, making the platform reliable and easy to navigate for end users

### Gaming Mandu Website | [View Live Demo](#)

*Top-up & Digital Services Platform*

- Contributed to building core UI components including navigation bars, cards, modals, and admin dashboard interfaces
- Implemented APIs for managing orders, users, and banners, streamlining platform operations
- Helped create a seamless experience for purchasing in-game currency and digital services, improving reliability and efficiency

## EDUCATION

---

### Tribhuvan University

*Bachelor of Information Management (BIM)*

2020 – 2025
